ORIGINAL ARTICLES

Regulation of the Wnt Signaling Pathways during Cell Culture of Human Mesenchymal Stem Cells for Efficient Bone Regeneration

W. Katagiri, Y. Yamada, S. Nakamura, K. Ito, K. Hara, H. Hibi and M. Ueda 37

Regulation of Expression of Sprouty Isoforms by EGF, FGF7 or FGF10 in Fetal Mouse Submandibular Glands

K. Ohno, N. Koyama, T. Hayashi, Y. Takai, E. W Gresik and M. Kashimata 47

Objective Assessment of Erythema caused by Metal Patch Testing using an Erythema Index Meter

A. Takada, M. Fujimoto, K. Ukichi, M. Morimoto, M. Tonogi, G. Yamane and S. Takahashi 56

Histological Investigation of the Development of the Anlage of the Mandibular Condyle of Mouse

K. Tsuchikawa, M. Kumakura, T. Kuwahara and H. Ito 66

CASE REPORTS

A Case of Cat Cry Syndrome Associated with Cleft Lip

K. Kashima, K. Igawa, R. Yokota, I. Yoshioka and S. Sakoda 72

Intraosseous Schwannoma of the Mandibular Symphysis: Report of a Case

G. Kawasaki, S. Yanamoto, H. Yoshida, A. Mizuno, S. Fujita and T. Ikeda 76
